PREFACE

Rani Dhanya Kumari College is a rural college, established in 1962. Initially it was affiliated to Calcutta University and in the year 1998 it came under the jurisdiction of Kalyani University.

Our college celebrated its Golden Jubilee three years ago in the year 2012. The journey in these fifty three years was not though straight one, but the zeal and fervour among the teachers and staff enabled the college to overcome all hurdles and provide knowledge to students and empower them to face the challenges of life in the years to come.

The college was assessed by NAAC in 2007 and obtained Accreditation C⁺⁺. The first cycle of NAAC assessment unearthed many possibilities and weaknesses of our college. We have endeavoured to enumerate not only our strengths but also our weaknesses. Since then the college has undergone various changes and substantial development has been registered in academic and administrative development.

We sincerely believe that the second cycle NAAC assessment will elevate our college to an extent as desired by NAAC. We have tried to overcome our shortcomings with a pledge to become a thriving organisation by providing quality services to our prime stakeholders, the students.

During the preparation of Self Study Report, we have collected data teacher-wise, individual-wise, department-wise and institution-wise. The information, data, documents given in this SSR are true to the best of my knowledge and belief. The NAAC co-ordinator Dr. Malay Kumar Ghosh, Assistant Professor in Commerce, along with all faculty and staff members have prepared this volume sincerely. Without cooperation and assistance from all the stakeholders, it would not have been possible for us to submit the SSR of Rani Dhanya Kumari College for the second cycle of the Re-accreditation process.

As a Head of this Institution, I hope the Honourable members of the NAAC Peer Team will visit our college very soon. We expect that with limited resources at our disposal whatever be our accreditation – the post accreditation quality assurance initiatives will help us to mould ourselves in a judicious direction.

Dr. Ajoy Adhikari
Principal,
Rani Dhanya Kumari College

EXECUTIVE SUMMARY

The college started its journey in the year 1962 with the Department of Commerce. Gradually it forged ahead and introduced other multidisciplinary subjects with the inception of the arts department since 1995. The NAAC peer team visited our college and we were accredited with C⁺⁺ Grade in the year 2007. We have tried our level best to prepare our Self Study Report (SSR) for reaccreditation and hope we will attain our goal to leave up to the expectation of the NAAC peer team.

I. CURRICULAR ASPECTS

On completion of successful 53 years journey by educational pilgrim Rani Dhanya Kumari College booked its name as a vibrant rural college in the district of Murshidabad of West Bengal. Situated in a rural hinterland, it has been consistent with the aim of imparting education to the economically and socially under-privileged section of this locality and to the rural students who are mostly first generation learners.

The curriculum is designed and developed by the Kalyani University. Some of the teachers of the college perform the assignment as the members of different Board of Studies of the University. By virtue of their membership they contribute to a good deal in the design and development of curriculum.

The Academic Sub-Committee of the college prepares prospectus, academic calendar and general class routine with the help of heads of all departments of the college. The vision, mission & objectives of the college, rules and regulations, subjects offered, fees structure and availability of facilities all are mentioned in the prospectus. The academic calendar of the college is prepared in conformity with the general academic calendar provided by the Kalyani University.

The college has 12 departments in undergraduate course consisting of B.A and B.COM Honours & General. These departments are served by qualified and efficient teachers who are continuously worth trying for the benefit of the students of the college as well as for the fulfilment of objectives of the college.

Rani Dhanya Kumari College provides greater flexibility for subject choice in the present state of affairs in comparison to other neighbourhood colleges. Along with the regular curriculum the college provides distance education through the Special Study Centre of Indira Gandhi National Open University. The college has one unit of Career Counselling Cell(with the help of UGC Grant).One of the objectives of this Cell is to help the students who come from economically

backward families with placement opportunities and also provide institutional support.

The college thinks that involvement in community is one of the important tasks of the students. Students achieved community orientation through various social awareness and outreach programmes conducted by the NSS units of the college in the adopted villages. Long-standing and dynamic NCC units under 09 Bengal(BN) NCC, Berhampore, Murshidabad prepares students to be good citizens as well as built up national integration and service motive to the nation among the students. Students are also encouraged to participate in Special Camps of NSS units to inculcate moral and ethical values and develop a sense of social responsibility.

The college has a strong Internal Quality Assurance Cell (IQAC) which meets time to time and discusses on various matters relating to the curriculum and decides on the measures to be taken to improve and sustain the quality of higher education.

II. **TEACHING-LEARNING AND EVALUATION**

The process of Teaching-Learning and evaluation is the most important part of any Formal Education to bring about expected behaviours in the students. Teaching is the deliberate intervention that involves the planning and implementation of instructional activities and experiences to meet intended learning outcomes according to a teaching plan.

Learning is said to be equivalent to change, modification, development, improvement of behaviour and capability to adjust or overcome obstacles.

Evaluation is the systematic acquisition and assessment of information to provide useful feedback about some object through formative and summative approach.

This college gives much importances in the teaching-learning and evaluation process and implements adequate inbuilt mechanisms in achieving the desired set of objectives.

Admission process of Rani Dhanya Kumari college is transparent according to all the norms of Kalyani University. The college ensures wide range of publicity through the Notice Board, Prospectus and Website of the college regarding the admission process to provide adequate opportunities to the poor and meritorious students of backward region irrespective of caste, sex and religion. Reservation of seats for SC, ST and OBC candidates are made according to the norms laid down by the Higher Education Department, Govt. of West Bengal.

Admission process is reviewed every year in the meeting of the Admission Committee to ensure the improvement in admission process and innovative ideas

are taken into account and incorporated for making the admission process smooth, transparent and efficient. Since the college is situated in a rural and backward area mainly comprising of socially and economically backward groups, minority groups, the college ensures equity by admitting students from the disadvantaged communities. During the admission process a Help-Desk is formulated to help the candidates to apply for admission properly. Faculty members always adopt a learner-centric approach both inside and outside the class room to achieve the desired learning outcomes. From the very beginning of each session every student is guided, inspired, motivated and corrected by the faculty members of each department for channelizing to prepare them to face the world today. Along with this professional attitude, some basic Human values are inculcated in them to become morally upright and socially responsible human resource of tomorrow.

The strategies of teaching-learning and evaluation of the college are to facilitate through well-equipped laboratories, central library, spacious and airy class rooms, computer with internet facility at the library and Audio–visual teaching aids.

The college always gladly extends its hands to conduct College Level, State Level and National Level Seminars, Workshop, Conference etc. Faculty members are encouraged to avail UGC-sponsored Faculty Development Programme (FDP) for the completion of their M.Phil or Ph.D. degree, to attend Orientation and Refresher course and to take up Minor/Major Research Project funded by the UGC. The Principal, Teachers' Council and Academic Committee are conscious and monitor the whole teaching-learning process in the college. Internal assessments are conducted as per schedule of Kalyani University to assess the academic performance of the students. The college has six full-time, thirteen part-time and twelve guest teachers. All the faculty members are very much helpful to the disadvantaged and slow learners and also careful to the advanced learners.

III. RESEARCH, CONSULTANCY AND EXTENSION

Rani Dhanya Kumari College is a rural based college with large number of students from rural background. Among the students, a significant portion is from SC, ST & minority with first generation learners. The College, keeping this background in mind, has been trying to develop an aesthetic temper among the students. For this purpose, emphasis has been given more on research activities of faculty members so that they can deliver the latest observations and a kind of orientation to the students.

The college authority along with IQAC has always been trying to motivate the faculty members to do more research work in the form of Minor and Major Research Project, doing Ph.D through FDP scheme, doing Post Doctoral work, organizing State and National level Seminars, workshops etc. in order to develop qualitative standard. The college also provides adequate infrastructural support, human resources, financial assistance (as advance), computer with net connection, well-equipped library, study leave etc. which all help the faculty members to achieve their goals. Teachers from different faculties have publications in varied forms. They also take part in different seminars and workshops to enrich themselves.

Some Faculty members are also involved in the work of paper setting, evaluation of final examinations and preparation of syllabus. The college also generates a sense of social commitment to the students through extension activities and Institutional, social responsibilities. The NSS & NCC units, Womens' Cell, Students' Union all undertake programmes relating to social awareness, blood donation etc. by which a message is sent to the society about social responsibilities of the students.

IV. INFRASTRUCTURE AND LEARNING RESOURCES

Rani Dhanya Kumari College is aware of the changing scenario of effective teaching and learning. For this purpose creating and maintaining infrastructural facilities is one of the major agenda of the Institution.

Airy classrooms, technology based learning spaces, seminar hall, laboratory specialized teaching aids etc. are provided for effective learning and teaching. Teachers are also encouraged to organize more ICT based seminars to make the students acquainted with the demand of the day. Emphasis is also given on extra-curricular activities like sports, indoor and outdoor games, gymnasium, NSS, NCC, cultural activities, communication skills etc. to make the students culturally sound, physically fit and socially committed.

The Institution aims at making good students and converting responsible citizens of tomorrow. The college authority has also been kind enough to do the needful so far as the financial and other cooperation are concerned.

There is one girls' hostel in the college, of which work of 1st floor is in progress to accommodate girls students from distant places and thus fulfils the dream of distant students to complete their studies. Sufficient physical and cultural atmosphere is prevailed in the College. So far as the medical facility and security question are concerned, the college authority is very much sincere in these respects.

The institution always considers Library as an important dimension of modern day education. Apart from books & journals rare books are issued to research workers. The library is already equipped with DDC cataloguing system. Library and college authority intend to digitalize the important and rare documents and provide more technology based services to the readers. The college also makes arrangement for maintaining and upkeeping infrastructure and facilities provided to the students and staff.

At present total area of the campus is 10805 sq.mt, Class room area 1184 sq.mt, one seminar hall 196 sq.mt. laboratories 74 sq.mt., library 84 sq.mt and indoor games facilities with gymnasium is 669 sq.mt.

V. STUDENTS' SUPPORT AND PROGRESSION

Rani Dhanya Kumari College is a pilgrimage for Education and Culture. From the very beginning, the main aim is to educate the first generation learners and open the flood-gates to fulfill their dreams of higher education .While talking about our efforts work to develop student's support and progression, we again want to point out that we have some physical, intellectual, moral and good practices, inbuilt in our system. All the teaching faculties of our institution take personal care and offer advice to the students regarding their education and building their careers. We have installed a Career Guidance Cell under the leadership of the respected Principal and a designated teacher functioning through a well-constituted committee. The Cell provides information about various vacancies occurred in different Government and Non-Government institutions. Apart from this we both formally and informally provide career counseling to the students in finding jobs or trying to build career as per their dreams. NCC unit of the college keeps record about their cadets who get absorbed in different military and paramilitary institutions. We have a good number of well-established alumni. We are happy to say that we are able to form an organized Alumni Association to make use of their intellectuality, talents, expertise etc. for the benefit of our institution. The management of various functions of the college is done through decentralizing of power and activities through constitution of several sub-committees. This also ensures a democratic mode of functioning. A field with green outfit is developed in the college to facilitate games and sports activity of the students. Indoor games infrastructure is developed for4 students with a well-equipped gymnasium. Separate common rooms for boys and girls have been developed with separate toilet with T.V., cable connection. UGC Research Network System has been developed with internet connection. Financial

assurances have been received from the institution by 30 students of Rs. 6000 and from the Govt. by 196 students of Rs. 940800 in the session 2014-15.

VI. GOVERNANCE, LEADERSHIP AND MANAGEMENT

Considering the changing scenario and the growing needs of the day Rani Dhanya Kumari College has a mission to co-ordinate all the stakeholders for overall development of the college through strategic action plan, scheduled for future development and effective leadership. For implementation of its quality policy and plans the institution has formed different sub-committees headed by faculty members. Interaction with all the stakeholders are done by the college and their valid opinions and ideas are considered while framing future plan.

Academic leadership is provided to the faculty by the top management. Large number of faculty members undertake major and minor research projects. Various welfare schemes are available for teaching and non-teaching staff. Different decisions of the IQAC have been approved by the top management i.e. Governing Body of the college. Various committees such as Finance sub-committee, Purchase committee, Building committee, UGC committee etc. have been formed to look after the necessary mechanism of the college.

VII. INNOVATIONS AND BEST PRACTICES

Rani Dhanya Kumari College is placed in a rural area with beautiful natural environment. In tune with the natural surroundings the college authority has made the campus plastic-free zone and internal flower gardens are regularly maintained by volunteers of NSS units (UNIT I and UNIT II).

Evaluation of teachers by the students and arrangements for parent-teacher meeting are arranged by IQAC and the college for academic betterment. The college always places the students as most important beneficiaries. For this purpose, various efforts are taken by the college to help the students, particularly for those from poor and socially backward categories.

The college authority has always encouraged the faculty members to do more research work and deliver the essence of their wisdoms to the students. The authority always stands by the faculty members in all possible ways.

The IQAC and the governing body of the institution both are committed to bring the best of their endeavour to the students who are the soul of the institution.

ACTION TAKEN REPORT ON NAAC RECOMMENDATIONS

NAAC – Re-accreditation Self Study Report - 2015

1. **The State Government should consider sanctioning and filling up the vacant teaching post including the post of Principal.**

In the year 2008, 2010, 2012 and 2014 four (4) permanent teachers left the college due to retirement and resignation. In the month of September 2014 one more permanent teacher left the college on lien for 2 years resulted the total number of permanent teachers reduced to one(01) only. The last permanent teacher appointed in the college was way back in the year 2002. During this period of almost eight years since 2007(the year when first NAAC accreditation held) several requisitions were sent to West Bengal College Service Commission for appointment of permanent teachers in different vacant posts. The first response received in this direction was in the month of September 2014 by way of appointment of a permanent teacher in the department of Education. Then in December 2014, February 2015 and March 2015 three permanent teachers in the subjects of Bengali, English and Geography respectively have joined the college. However the Principal of the college has joined the college in the year 2009. As of today the existing vacancy of permanent teachers remained nine (9) in the college. The development of academic as well as overall environment of the institution has been greatly hampered throughout the years.
2. **The college may explore the possibility of introducing job-oriented/career utility oriented subjects, taking into local needs and feedback from students, alumni and parents.**

The acute shortage of members in different faculties constantly discourages in introducing new subjects in the college. However, due to repeated requests from the students community and considering the growing demand of the subject, Honours in Education has been introduced from the academic year 2015-16. Career Development programmes through outside agencies have also been taken up under UGC funding. Continuous Training programmes by the existing faculties and outside resources were taken up with the students and ex students in addition to regular classes.
3. **The college may start vocational courses such as Pisciculture, Floriculture, Music and fine arts on self-financing basis.**

No vocational course has been introduced during this period.
4. **In view of the fact that there are large numbers of women students it may start a women welfare centre.**

No specific women welfare centre could be developed during this period but through NSS activities various women awareness and training programmes were initiated in the college. Even in the NSS adopted village the programme of Adult Education, Health checking programme for village women and children and health awareness programmes were initiated and maintained on regular basis.

5. Learner-centred teaching method and use of teaching aids in classroom teaching needs to be introduced immediately.

To develop learner-centred teaching method a project consisting of 25 marks have been introduced in the subject of Environment Studies and students are directly made involved in this project work where they feel free to use their fundamental inquisitiveness.

One overhead projector and one LCD Projector which were procured during 11th plan period of UGC have been frequently used in the classrooms. Audio system in 3 big class rooms has been established during this period. Students from different departments use these class rooms as per the strength of number of students.

6. Computerization of the academic activities of the college including the library should be undertaken on priority basis.

The centre for UGC Resource Network has been established with 7 desktop computers along with 24x7 internet connection. The college library has also been provided with 2 desktop computers with 24x7 internet connection. All these computers are meant for exclusive use of the students. Very recently free Wi-Fi zone has been introduced by the college for the use of all categories of students.

7. The functioning of career guidance cell needs to be made effective.

During 11th plan period career guidance cell was established and a yearlong programme was initiated for the students. The main focus was to train the willing students for competitive examinations. Regular classes were taken by college teachers beyond the college hours. Ex-students were also involved in the programme. The programme was ended with a seminar organised by career counselling cell of the college in collaboration with Roy's Institute of Competitive Examinations and George Telegraph Training Institute, Kolkata titled "Avenues of Career Building Scope and Reality" held on 11-02-2012.

8. The students' feedback system introduced by the college needs to be widened and made more effective.

Indigenous and improvised system of feedback from students especially from Honours students and those having practical papers are collected on regular basis. Care is always taken about the matter that student's responds are free from any type of fear and biasness. Feedback so received from students is placed in the meeting of IQAC and discussed for reasonable change in the method of teaching and learning.

9. Book Bank facility for the disadvantaged students should be made available.

No book bank facility has been developed so far due to shortage of library staff and faculty members.

10. The college should make all out efforts to get financial aid from UGC and other funding agencies under various schemes for the overall infrastructure development of the college.

During this period a massive fund has been procured from UGC and different funding agencies like State Government, MPLAD etc. A brief description of the fund so collected and use of the same has been shown below;

- i) Women's Hostel: Ground Floor Ready by 2012, First Floor work is in progress. Fund sanctioned Rs80 lakhs, Received so far Rs.72 lakhs, UGC*
- ii) Indoor Sports Facility and Play Ground: work fully accomplished by 2013. Fund sanctioned Rs. 34 lakhs, Received so far Rs. 30.60 lakhs, UGC*
- iii) Annexe Building Ground Floor: Work fully completed by 2010. Fund sanctioned Rs. 20 lakhs, received so far Rs. 20 lakhs, State Government.*
- iv) Annexe Building First Floor: Work fully completed by 2011. Fund sanctioned Rs. 14 lakhs, received so far Rs. 14 lakhs, MPLAD from Hon'ble MP Moinul Hassan Rajya Sabha.*
- v) Annexe Building Second Floor: Fund sanctioned Rs.21 lakhs, received from Own Generated Fund out of IGNOU Special Study Centre. The portion of the building is completed by 2015.*
- vi) By the year 2012 the college library , office , teachers' common room and principal's office have been set with AC machines with the fund available from UGC Special grant amounting Rs. 6,80,000.*
- vii) By the year 2011 one 25KVA Kirloskar Green Generator has been procured from the fund received from UGC.*

NAAC – Re-accreditation Self Study Report - 2015

viii) By the year 2011 the UGC Resource Network System, Newly Improved Geography Laboratory, Newly improved Laboratory of Defence Studies have been developed out of UGC Fund.

11. The success rate of the students in the university examinations is as high as 73%. So the college should make efforts to improve the performance of the students in the university examinations in terms of distinction achieved by them.

The pass percentage of the students in the university examinations was really high and further improvement in this section is a real tough job. During this period the success rate remains almost same as it was in the previous assessment.

12. The college library needs strengthening with more text and reference books of latest editions.

Item/Year	2007	2015
<i>No of Text Books</i>	7868	10675
<i>No of Reference Books</i>	3373	5001
<i>No of Journals</i>	07	10

13. The management may consider to constitute a committee to monitor the work efficiency of staff members.

The Governing Body keeps overall vigil over the efficiency of the staff members. The Staff union in its meeting invites the management to discuss any problem faced by them and through discussions the difficulties if any are usually solved in an amicable manner.

14. The play ground of the college needs improvement. Efforts may be made to get financial assistance from the UGC to develop the play ground.

Through Sports Infrastructure Development grant an Indoor Games Building has been developed in the year 2012 along with the development of a Football-Cricket ground with 6 track lane around the ground. The grant was received from UGC in the tune of Rs.30.60lakhs. Before that a boundary wall surrounded by the play ground of the college was constructed out of State Govt. grant. The play ground in its new shape along with Indoor sports complex is a new glory of the college and widely used and appreciated by the students community.

16. The college community needs to extend help to the self help groups of the nearby villages.

Self-help groups could not be developed during this period in the nearby villages. However, a self help group consisting of part time teachers and casual

office staffs have been developed in the name UTTARAN through which they receive mutual benefits and extend the same to weaker section of employees.

17. **Efforts may be made to have hostel.**

In the 10th Plan extended programme UGC was approached to have a Girls' Hostel and a proposal was sent to them to construct the same with special emphasis on minority Girls students. The proposal was accepted and Rs.80lakhs was sanctioned for the same purpose out of which Rs.40 lakhs have been released immediately. The whole work has been handed over to PWD Construction board Murshidabad division and the construction of the ground floor was completed by September 2012. The 2nd phase grant to the tune of Rs.32lakhs have been released in the year 2014. The work for the rest of the portion i.e., the 1st floor is going on successfully.

18. **The college should take care to prepare and preserve the documents in orderly manner.**

All the college documents including students and account related documents have been made computerised during this period. The University registration of the students have also been computerised on the basis of subjects and year.

19. **The Management should make to obligatory for all staff members and students to become computer literate.**

Most of the management staff are now computer literate. Students are taking help of the UGC Resource Network centre to make themselves equipped with computer literacy.

1.3 CURRICULUM ENRICHMENT

1.3.1 Describe the efforts made by the institution to supplement the University’s Curriculum to ensure that the academic programmes and Institution’s goals and objectives are integrated?

The institution concentrates on the student friendly approach for the all round development. The faculty members try their best not only to cover the syllabus framed by the university but also try to integrate the goals of the institution. These are some areas :

- i) Publication of college magazine;
- ii) Sports and cultural programmes conducted by the students union ;
- iii) NCC & NSS units take up some programs like blood donation camp, plantation, gardening and social awareness programmes.

1.3.2 What are the efforts made by the institution to enrich and organize the curriculum to enhance the experiences of the students so as to cope with the needs of the dynamic employment market?

The faculties try to generate a positive approach among the students in order to cope up with the changing job environment. Since our college is a rural based one

having students with agrarian and small artisans background, in addition to traditional subjects, it is very difficult to raise a market (Job market) oriented attitude among the students so as to cope with the needs of the day.

The college has one unit of “Career Counselling Cell” (with the help of UGC Grant). One of the objectives of this cell is to help the students who come from economically back families with placement opportunities and also provide institutional support.

1.3.3 Enumerate the efforts made by the institution to integrate the cross cutting issues such as Gender, Climate Change, Environmental Education, Human Rights, ICT etc., into the curriculum?

Grievance Redressal Cell for lodging complain regarding academic and administrative matter from the students.

Department of geography, apart from the syllabus makes the students conscious about climate change and environmental hazards.

The units of NSS try to make the students aware about the importance of human rights. They undertake different types of training programme for this purpose. For e.g. civil defence, first-aid, yoga etc. The Units of NSS also arrange a seminar on Human Rights in the year 2015.

World Earth Day was observed by the college in the year 06.06.2012. Dr. Suniti Kumar Mondal, Associate Professor, Department of Botany, SS College and Dr. Abhijit Das Asst. Professor, Department of Economics, Kandi Raj College were the main speakers of the seminar.

Moral and ethical values: No such specific programme is offered. However teacher try to inculcate moral values among the students during mentoring and counseling sessions.

Employable and life skills: The institution does not offer any such programme to the students at present.:

Better career options: College has one Unit of Career Counselling Cell.

Community orientation: Students are encouraged to participated in different NSS activities.

1.3.5 Citing a few examples enumerate on the extent of use of the feedback from stakeholders in enriching the curriculum?: Meeting with the students organized

1.3.6 How does the institution monitor and evaluate the quality of its enrichment programmes?:

The college with the help of IQAC members takes care of the questions preparation and moderation for departmental examination.

1.4 FEED BACK SYSTEM

1.4.1 What are the contributions of the institution in the design and development of the curriculum prepared by the University?:

Curriculum is prepared by Kalyani University. Therefore, college directly can't design and develop the curriculum. But some of our faculties are member of the Board of Studies. They express their views regarding curriculum in the meeting of the Board of Studies and workshop conducted by Kalyani University.

1.4.2 Is there a formal mechanism to obtain feedback from students and stakeholders on Curriculum? If 'yes', how is it communicated to the University and made use internally for curriculum enrichment and introducing changes/new programmes?:

As our college is not an autonomous institute and we have to work under the purview of Kalyani University, there is no scope of having any formal mechanism, so far as the curriculum is concerned.

1.4.3 How many new programmes/courses were introduced by the institution during the last four years? What was the rationale for introducing new courses/programmes?) Any other relevant information regarding curricular aspects which the college would like to include:

During last four years we did not introduce any new programme in our college. Moreover it may be mentioned that Honours in Education has been introduced on and from 2015-16 session.

CRITERION II : TEACHING-LEARNING AND EVALUATION

2.1 STUDENT ENROLLMENT AND PROFILE

2.1.1 How does the college ensure publicity and transparency in the admission process?

Publicity:

The college is situated at remote and backward area of Murshidabad District. But the college faces stiff competition with the neighbored college after shifting its status from commerce college to general college in the year 1995. So, the College ensures publicity in the admission process through:

- a) Notice Board
- b) Website of the college
- c) Prospectus

The Prospectus and Website of the college contain detailed information about intake capacity in each course, eligibility, process of admission and academic as well as support facilities.

The website of our college are www.rdkcollege.in and www.rdkcollegeonline.org. At first an admission committee is formed in the college to control and supervise the admission process. All relevant information regarding admission is uploaded well before the start of the admission process. Moreover time-to-time change in the process of admission as per Kalyani University rules and merit-list is published as per scheduled date and departments. From this year *Help-Desk* is opened to help the candidates to apply online for admission.

All relevant information regarding admission procedure, infrastructure, fees and scholarships, faculty structure and support facilities are conveyed through the website of the college.

Transparency:

Transparency is ensured in every step of admission process. The admission procedure is monitored by the admission committee according to the norms of the university. Complete list of applicants according to merit as per norms is displayed on college website by the system. Before publishing the final merit-list the candidates are allowed to check their demands against any dispute. The list of selected candidates is made by the system on some criteria specially reservation category as per the order of the Govt. of West Bengal and norms of the affiliating university, i.e. Kalyani University.

2.1.2 Explain in detail the criteria adopted and process of admission (Ex. (i) merit (ii) common admission test conducted by state agencies and national agencies (iii) combination of merit and entrance test or merit, entrance test and interview (iv) any other) to various programmes of the Institution.

The college offers degrees namely:

- Three Years General Degree B.A. (5 Groups),
- Three Years General Degree B.Com.

2.1.4 Is there a mechanism in the institution to review the admission process and student profiles annually? If 'yes' what is the outcome of such an effort and how has it contributed to the improvement of the process?

There is an Admission Committee in the college which reviews the process of admission every year. The Admission Committee decides on the following:

- Admission rules and schedules as per affiliating university
- Criteria for Admission as guided by the university
- Merit list preparation according to criteria by the system
- Problems faced by the candidates in the admission process and their solutions by formation of *Help Desk*.
- Scope of improvement in the admission process.

The transparency and smooth process of admission is the main target for the students and the college as well. The online admission form fill-up, preparation of merit list and counseling under the supervision of admission committee make the admission process very transparent. The transparency and smooth process has been appreciated by the applicants and others.

2.1.5 Reflecting on the strategies adopted to increase/improve access for following categories of students, enumerate on how the admission policy of the institution and its student profiles demonstrate/reflect the National commitment to diversity and inclusion

- * SC/ST
- * OBC
- * Women
- * Differently abled
- * Economically weaker sections
- * Minority community
- * Any other

The following strategies are adopted in this college to materialize the national commitment to diversity and inclusion for following categories of students:

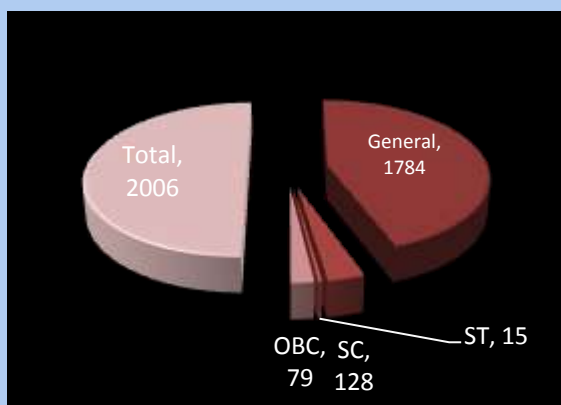

- a) **ST/SC/OBC** :Seats are reserved for SC, ST and OBC candidates according to norms laid down by University of Kalyani and West Bengal Higher Education Department.

Women :

There is no provision for reservation of women and equal opportunities are provided in the process of admission. A new women hostel is situated in the college premises for the girls students.

The college is situated in the remote and backward area. The numbers of female students in some departments are more than the number of male students which indicates the fact that the college is keen to highlight the importance of higher education of female students specially for these first generation learners.

c) Differently-abled:

The college does not have the facilities to cater to the needs of differently-abled students. But the admission committee and academic committee are very much conscious at the time of admission counseling and during examination by arranging separate seats in ground floor with extended time duration as permissible and also individualized attention is given by teachers as far as possible in the class works.

d) Economically-weaker sections:

A number of grants of West Bengal Govt. and Central Govt. are organized and provided to the economically weaker students. The college extends its co-operation to economically weaker students to get the grants, scholarships. The students union also extends its help to the financially needy students from their fund.

e) Minority community:

Rani Dhanya Kumari College is situated in both remote and backward area of Murshidabad District where most of the people are of minority category. Near about two-third of the students strength is of Muslim community who come from different villages of border area. Govt. of West Bengal provides some grants for these students which are processed, documented and provided by the college.

This scenario has made an impact particularly in this rural college where number of students is increasing and their dreams are to be teacher in future. The students of Defence studies get priorities in contractual and permanent services of defence line. At the same time, School Service Commission impacts on the students to select the school level subjects. For that reason the demand of the school level subjects in college are increasing and that of other subjects like Sociology, Commerce, Political Science are decreasing.

2.2 CATERING TO STUDENT DIVERSITY

2.2.1 How does the institution cater to the needs of differently-abled students and ensure adherence to government policies in this regard?

The college always conscious about the needs of differently-abled students whenever they come across in the notice of the administration. The concerned teacher brings the matter to the Principal and Governing Body also formulates necessary plans and policies in compliance with the applicable Government orders issued from time to time.

The college extends the following incentives/opportunities:

- Reservation of seat at the time of admission. The admission process, highly transparent and there is no discrimination.
- College allows writer for students with functionally and visually-challenged in the examination hall.
- Also, the college allows extra time to the differently abled candidates as directed by the University.
- Special counseling/lecture sessions is occasionally arranged for these differently-abled students.

2.2.2 Does the institution assess the students' needs in terms of knowledge and skills before the commencement of the programme? If 'yes', give details on the process.

Yes, The college mainly assesses a student on the basis of his previous results and other records. University authorities issued guidelines to the affiliated colleges for admission to different courses. Apart from these, Academic Committee of the College frames few more stringent rules to get a core subject in a certain course. The Academic Committee advises to emphasize the following for assessment at the time of admission:

- Academic and Co-curricular Records,
- Intention and Interest to learn the course,
- Specific aim in life,
- Social and economic background

Before their commencement of the academic programme, the college organizes counseling sessions with the students at the time of admission. Each and

every department interacts with the students to understand the knowledge base and skills of the students.

2.2.3 What are the strategies adopted by the institution to bridge the knowledge gap of the enrolled students (Bridge/Remedial/ Add-on/Enrichment Courses, etc.) to enable them to cope with the programme of their choice?

The College is situated in the remote and backward place of the district of Murshidabad, the border area of Bangladesh. A good number of students admitted come from remote villages and belong to poor socio-economic background. They have interest to learn but do not adequate financial support. Most of them are weak in communication skill also. In this regard the college takes the following strategies:

- Slow learners are identified.
- Bilingual explanations in classroom lectures and discussions.
- Remedial classes are taken in each session for the under prepared students.
- Simplified books are recommended to them.
- Special theoretical and tutorial classes are arranged for them.

2.2.4 How does the college sensitize its staff and students on issues such as gender, inclusion, environment etc.?

Rani Dhanya Kumari College is a co-educational institution offering multidisciplinary course options. The students coming to this college are mainly of the remote and rural families; with vast majority farmer and fishing communities. Taking into consideration the socio-economic background of the students, attention is given to impart education by conglomerating moral, ethical, environmental values along with a deeper understanding of the subject. In doing the same, the college organizes short programme on superstition, character building etc. NSS unit-1 and Unit-2 organize various programmes like World Aids Day, Independence Day, Republic Day, Netaji's Birth Day, Blood Donation Programme etc.

Campus cleaning and plantation programme are regularly done by NSS volunteers. They give adequate attention on issues of environmental awareness.

In some NSS camps and NCC programmes student volunteers, non-teaching staff, teaching faculties avail the opportunities of working together for the people of adjoining areas of the college.

2.2.5 How does the institution identify and respond to special educational / learning needs of advanced learners?

The college has a well equipped library to which the advanced learners can

NAAC – Re-accreditation Self Study Report - 2015

have easy access.. Special coaching is provided for advanced learners and faculty members interact with them whenever they need the help.

2.2.6 How does the institute collect, analyze and use the data and information on the academic performance (through the programme duration) of the students at risk of drop out (students from the disadvantaged sections of society, physically challenged, slow learners, economically weaker sections etc. who may discontinue their studies if some sort of support is not provided)?

The college collects information about the academic performance of students at risk of dropout through class lectures and internal assessment test. Immediate steps are taken on the basis of such information to check and minimize the dropout rate among students of disadvantaged sections.

SUPPORTS PROVIDED BY THE COLLEGE :

- Students' behavior and attitude inside and outside the campus.
- Involvement in co-curricular activities.
- With the use of previous academic record and marks obtained in the class test, teacher identifies a slow learner.
- Personal, academic and social counseling.
- Special and remedial classes are organized for slow learners.
- Free books from student welfare fund and financial assistance are provided.
- Scholarships of Govt. of West Bengal and Govt. of India are provided.

2.3 TEACHING-LEARNING PROCESS

Teaching plan: At the commencement of the teaching-learning process, first day of the session the Principal, Secretary of Teachers' Council and other senior faculty members address the new comers regarding teaching-learning methods and rules of the college. The syllabus (for all subjects) provided by the university contains the number of classes to be required for each topic. At the commencement of the class, Head of the Department and faculty members inform the students about the number of lectures to be delivered for the topic concerned. The teachers also would know the time frame for teaching-learning from the current year. The college has introduced its own academic calendar comprising the information about time and number of classes, time for internal assessment, etc.

Evaluation blue print: Academic committee prepares time frame for conducting exam schedule (internal assessment), evaluation schedule and marks submission schedule. This enables the faculty members and examinees to know about the time frame for completion of process of evaluation and results.

- Schedule of college and university examination is given in the college website and notice board at the beginning of the year as guided by the university.
- Academic committee as a whole and each department in particular evaluate the performance of the students after each test of internal assessment and take suitable steps for the betterment of performance of the students.
- Students having poor performance undergo remedial coaching and special tutorial classes. The final evaluation is done by the university through its own examination procedure.

2.3.2 How does IQAC contribute to improve the teaching –learning process?

In compliance with the guidelines as prescribed by the NAAC, Internal Quality Assurance Cell (IQAC) has been formed in our college and its composition is as follows:

Dr. Ajoy Adhikary	:	Principal in Chairperson
Dr. Malay Kumar Ghosh	:	Co-ordinator
Dr. Subhasis Chakravarty	:	Teachers' Representative
Sri Ashis Kumar Debnath	:	Teachers' Representative
Dr. Mousumi Chakraborty	:	Teachers' Representative
Sri Subhajit Das	:	Teachers' Representative
Dr. Jhikmik Kar	:	Teachers' Representative
Dr. Sukumar Mal	:	Management Representative
Sri Samir Ghosh	:	Representative of Local Society
Sri Nirmal Kumar Dutta	:	Alumni Representative
B. D. O. Lalbag	:	Administrative Representative

The IQAC plans and supports effective implementation for quality management for teaching-learning process.

- It supports the organization to arrange more seminars, inter –discipline interaction, workshops etc. to increase awareness on social and academic issues.
- It suggests the system of teachers evaluation by students aiming for improving the overall quality of the college.

- It always takes care for improving infrastructural facilities in terms of space, equipment, laboratories etc.

- IQAC also plans for exchanging ideas and options with headmaster/headmistress of schools in surrounding areas regarding methodologies of teaching – learning process.
- It facilitates & support for inter-disciplinary programmes, faculty development programmes and research utilities.
- IQAC also appreciates, encourages and provides supports required by all staff for their quality sustenance and quality improvement in teaching, research and administration.

2.3.3 How is learning made more student-centric? Give details on the support structures and systems available for teachers to develop skills like interactive learning, collaborative learning and independent learning among the students?

Teachers always want to adopt a student centric approach inside the class room. From the very first class in each session every student is guided, inspired, motivated and corrected for channelizing his or her energy. All are made to prepare them to face the world today. Along with this professional attitude, some basic human values are inculcated in them to become morally upright and socially responsible human resource of tomorrow.

- Teachers are trying for developing a sense of inter-disciplinary attitude among the students. They want to motivate the students to interact with the teachers so that their understanding gets more matured and can exchange their thoughts and ideas.
- Teachers help the students to get the pleasure of learning through collaborative exercises. In this pursuit certain collaborative programmes with other institution have taken place in our college.
- Faculty members always try to make the students confident and self-sufficient so far as the issue of independent learning is concerned.
- In addition, the college also encourages independent learning by way of providing internet facilities to all the teachers, staff members and students, in general, to update their knowledge-base independently in their respective field.

2.3.4 How does the institution nurture critical thinking, creativity and scientific temper among the students to transform them into life-long learners and innovators?

By organizing debates, quiz contest, seminar etc., the college encourages critical thinking among the students, in which students can explore new ideas having a chance to listen the view of eminent academicians particularly in the seminar. The teachers motivate the students in writing essays for publication in the annual magazine and wall magazine for embracing creativity. Teachers also make interest among the students to nature creativity by providing guidance in preparing project work, Cultural programmes, drama etc. Project based learning is encouraged where each student try to contribute his own originality. Scientific thoughts are developed among the students in different theoretical and practical classes.

2.3.5 What are the technologies and facilities available and used by the faculty for effective teaching? Eg: Virtual laboratories, e-learning - resources from National Programme on Technology Enhanced Learning (NPTEL) and National Mission on Education through Information and Communication Technology (NME-ICT), open educational resources, mobile education, etc.

The use of modern multimedia teaching aids like multimedia projections, Internet enabled computer system is usually used as effective teaching. The students are given opportunities in using internet facilities in the library also. Apart from these the faculty members use Internet with Laptops, Tablets and Mobiles for getting information through Wi-Fi in the college.

2.3.6 How are the students and faculty exposed to advanced level of knowledge and skills (blended learning, expert lectures, seminars, workshops etc.)?

- National and Departmental seminars on various contemporary issues organized where students and faculty members are getting the opportunities to interact and thereby students can enhance their knowledge base.
- Some departments like Geography, Sociology, Education organize field work and excursion programmes every year which help the students and teachers to improve the skills and capabilities.
- Students are encouraged to take part in wall magazine, college magazine published by students unions which enhance the creative skills of the students.
- Workshop in the dept. of commerce is a part of the syllabus where interaction with students of other institutions takes place.

- The college library subscribes various journals and newspapers relating to different field of subjects, which provides information not only about subject field but also about socio-economic issues. Students are exposed to different thoughts and ideas.

2.3.7 Detail (process and the number of students \benefitted) on the academic, personal and psycho-social support and guidance services (professional counseling / mentoring / academic advise) provided to students?

- Head of the department along with faculty members advise students to choose stream.
- In each department the teachers make arrangements for remedial classes for slow learners.
- Special tutorial classes are arranged for a few students who belong to an advanced stage and have much interest.
- Addressing and counseling those who are basically the first generation students with some problems.
- Financial help is provided to the needy students through different scholarships.
- Career guidance is given by teachers of concerned departments. A cell has been working in the college to guide the students about job opportunities, professional courses and higher studies.

2.3.8 Provide details of innovative teaching approaches/methods adopted by the faculty during the last four years? What are the efforts made by the institution to encourage the faulty to adopt new and innovative approaches and the impact of such innovative practices on student learning?

A massive infrastructural development has been taken place during last few years to boost the teachers in adopting innovative methods of teaching. The college has provided computer with internet facility to all the Teachers to keep place with the latest development in their respective field of study. Beside this, the college has classrooms with Green boards with audio facilities. The college has 24X7 broadband internets connection, several licensed soft-wares are available. There is a positive impact of such innovative practice on the students, learning, particularly, in the field of better understanding of the subject matter, scientific reasoning, presentation, communication and personality development.

2.3.9	<p>How are library resources used to augment the teaching- learning process?</p> <p>The college library subscribes different journals related to different subjects of job oriented matter. Books and journals are regularly purchased to improve the teaching-learning process. Internet / software are accessible to teachers and students. Number of daily newspapers and bulletin on job information and new courses are made available to students. Question papers of university examinations are kept in an organized way for the benefit of the students. Additional books are issued to students belonging to advanced category.</p>
2.3.10	<p>Does the institution face any challenges in completing the curriculum within the planned time frame and calendar? If ‘yes’, elaborate on the challenges encountered and the institutional approaches to overcome these.</p> <p>The institution does not face any challenge to complete curriculum within the planned time frame and calendar. Teachers do try sincerely to complete the syllabus within the constrain by taking additional and tutorial classes. During last four years except a few scanty incidents, we did not record any incidence of teaching days lost abnormally.</p> <p>However, our teachers by taking additional classes try to compensate the loss and complete the curriculum within a planned time frame.</p>
2.3.11	<p>How does the institute monitor and evaluate the quality of teaching learning?</p> <p>The college monitors and evaluates the quality of teaching learning through IQAC. The IQAC gets information on such issues from all stakeholders.</p> <ul style="list-style-type: none">• If any sort of deficiency is found about faculty members, the teacher concerned is made alert so that he or she can improve himself or herself.• Evaluation of teacher is made by the students and the feedback of the students is arranged by IQAC for improving teaching-learning process.• The Principal meets regularly with the heads of the departments for improving teaching-learning process. Collecting the feed-back in this way the Principal personally talks to the teacher concerned, if necessary for improving the quality of teaching• Academic committee meets regularly to review the performance of the teachers.

Most of the faculties are acquainted with the system of using audio visual aids like LCD projector, computer with internet facility relevant software packages like SPSS for preparation of teaching learning materials.

- **OER's(Open Education Resources)**

The college provides open internet facility through network. Educational resources (e-journals) are made available from existing computers. Other educational resources like textbooks, references and study materials are also available from the library when teachers can easily access without any kind of restriction.

- **Teaching learning material development, selection and use**

NAAC – Re-accreditation Self Study Report - 2015

The Teachers of this college develop their materials by getting books from library, computer with internet access and his/her personal books.

c) Percentage of faculty:

- * invited as resource persons in Workshops / Seminars / Conferences organized by external professional agencies: 10%
- * participated in external Workshops / Seminars / Conferences recognized by national/ international professional bodies: 90%
- * presented papers in Workshops / Seminars / Conferences conducted or recognized by professional agencies: 50%

2.4.4 What policies/systems are in place to recharge teachers? (eg: providing research grants, study leave, support for research and academic publications teaching experience in other national institutions and specialized programmes industrial engagement etc.)

The Principal always encourages research aptitude among the teachers and students in all possible ways.

- The college tries to provide necessary infrastructure and fund to organize national and state level seminars and lectures.
- The college promotes all sorts of facilities and encouragement for minor research projects.
- The governing body encourages and gives enough facilities by providing study leave to complete Ph. D. research work.

2.4.5 Give the number of faculty who received awards / recognition at the state, national and international level for excellence in teaching during the last four years. Enunciate how the institutional culture and environment contributed to such performance/achievement of the faculty.

No such award has received by any of our faculty during last five years.

2.4.6 Has the institution introduced evaluation of teachers by the students and external Peers? If yes, how is the evaluation used for improving the quality of the teaching-learning process?

Yes, the college has introduced the system of evaluation of teachers by the students in the recent past through a feedback form. The Principal takes initiatives in this matter. The feedback from guardian is also sought in the parent- teacher meeting.

At the end of every academic year a feedback form is supplied to the students in the prescribed format to put their opinion /comment on the teaching skill another related matters in respect of individual teachers. Due importance is given on the students feedback for improving the quality of teaching.

2.5 EVALUATION PROCESS AND REFORMS

2.5.1 How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?

Evaluation methods and examination schedule is given in detail at the time of commencement of course and also in the Academic calendar (2014-15) at the beginning of session.

- Regular notification regarding preparation of question for internal assessment, dates & time of tests, submission of marks preparation of tabulation work is also a feature of the teaching learning and evaluation process of the institution.

2.5.2 What are the major evaluation reforms of the university that the institution has adopted and what are the reforms initiated by the institution on its own?

The college is affiliated to University of Kalyani and the examination reforms under 1+1+1 system introduced by the university. Changes in syllabus are applicable to the college. The examination for (Part I, II & III) 3 year degree course is now held after completion of each year as Part-I, Part-II and Part-III examination. The college cannot actively implement any examination reform although suggestions on the issues can be conveyed to the university or the meeting can be attended called by Honorable V. C. at University which in turn helps the university authorities to reshape the syllabus and evaluation system.

Detailed information about the process of examination and time schedule is given to the students through academic calendar and daily notices.

2.5.3 How does the institution ensure effective implementation of the evaluation reforms of the university and those initiated by the institution on its own?

Detailed information about the evaluation method and time schedule is given in the prospectus at the time of the admission. Regular notification about internal assessment is made as part of the teaching learning and evaluation process.

2.5.4 Provide details on the formative and summative assessment approaches adopted to measure student achievement. Cite a few examples which have positively

impacted the system.

A continuous evaluation process is essential in an educational institution for development of the students. Formative evaluation can be used by a teacher to improve or change his/her teaching style to make the class more impressive and interesting as well as to improve the achievement of the students. This college usually conducts the formative assessment of students in various ways like:

- Home assignment on the topic covered in classes.
- Presentation of a topic in the class.
- Class interactions.
- Unit test after completion one or two units of the assigned syllabus.
- Case studies or project preparation for university examination.
- Written test taken frequently on a conceptual topic.
- Organization of cultural programmes.
- Leading role or interest in N.S.S if opted for.
- Participation on different activities on N.C.C if opted for.

Summative assessment

There are three summative assessments during the tenure of a full course of a student and the examinations are held in other colleges. This assessment results to a value in due course of time. After the completion of examination of UG degree the university collects all those scripts and makes arrangement for evaluation at the university or distributes the answer scripts for evaluation at home to the assigned examiners. In the evaluation process answer script are evaluated by one teacher, then scrutinized by another teacher and the total evaluation is verified by the head examiner. After publication of result, if any student finds any anomalies in the award of marks, he can opt for revaluation with some restriction or apply for viewing answer script through RT Act within the stipulated time prescribed by the university.

2.5.5 Detail on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weightages assigned for the overall development of students (weightage for behavioral aspects, independent learning, communication skills etc.

Internal Assessment test are arranged by the teachers in their particular subject after completion of one or two units of the syllabus. Students have been very much sincere in internal assessments as those tests reflect their preparation on regular

basis.

The students are addressed individually regarding their performances in internal tests of the college. The Secretary of the Teachers' Council and the academic committee always monitor the process of these tests. Class attendance, class assignments, scores in internal assessment are taken into consideration for assessing a student. Their behavioral patterns inside the campus, independent learning and communication skills are given proper weightage while assessing their performance as whole.

The college has given due stress on teaching – learning process in case of all disciplines. Subjects which provide job opportunities in rural environment like ours (Bengali, English, Geography, Defence Studies & Physical Education) are mostly liked by the students.

2.5.6 What are the graduate attributes specified by the college/ affiliating university? How does the college ensure the attainment of these by the students?

The teachers of this college are aware of their responsibilities and obligations to the society. They work hard to impart moral, cultural, intellectual and social knowledge among the students. The college tries to enable the students to mould their personalities and make them confident about their abilities. The college strives to make the students as responsible citizens of India.

2.5.7 What are the mechanisms for redressal of grievances with reference to evaluation both at the college and University level?

The students are addressed individually regarding their performance in internal assessment. The answer scripts are shown them. If the teacher thinks for letting them know about their draw backs and suggestions are given to improve their performance. The college has nothing to do for the final university examination is concerned. But if any student wants to review his papers, the college does all the formalities on its own.

The college adopts a student friendly atmosphere to do all the formalities in cases of review and re-evaluation etc. So the students have not to go to the university. All such works are done by the college.

2.6. STUDENT PERFORMANCE AND LEARNING OUTCOMES

2.6.1 Does the college have clearly stated learning outcomes? If 'yes' give details on how the students and staff are made aware of these?

The college has stated learning outcomes in its vision and mission statement on the website and also in the prospectus. The college has the motto of maintaining heritage and tradition with a vision of accepting modernity without damaging the basics. By grooming its students into confident, well-equipped, culturally sound, socially modern and globally competent persons, the college translates bearing outcomes in to reality.

The students and staff are made aware of these through:

- Notification are made available to students and teachers about latest development in academic world.
- Circular of the university and Govt. of W. B. in the notice board.
- All notices and circular are uploaded in the college website.

2.6.2 Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course/programme ? Provide an analysis of the students results/achievements (Programme / course wise for last four years) and explain the differences if any and patterns of achievement across the programmes / courses offered.

The institution through its academic committee monitors the progress and performance of students on regular basis. The Principal is also kept informed about the performance of the students throughout the duration of the course.

- Attendance and regularity of the students are maintained through class register and is maintained regularly.
- Parent-teacher meetings are organized.
- Student-teacher interaction in and outside the classes are held.
- University results are reviewed and analyzed in the meeting of the Academic committee.

2.6.3 How are the teaching, learning and assessment strategies of the institution structured to facilitate the achievement of the intended learning outcomes?

The teaching – learning and assessment strategies of the college are to facilitate the achievements of the intended learning outcomes through:

- Well equipped laboratories
- Well equipped library
- Specious and airy class rooms

NAAC – Re-accreditation Self Study Report - 2015

- Class lectures, regular internal assessment, group discussion and interactive practices
- Audio – visual teaching aids.

2.6.4 What are the measures/initiatives taken up by the institution to enhance the social and economic relevance (student placements, entrepreneurship, innovation and research aptitude developed among students etc.) of the courses offered?

The college laboratories and library help the students to develop innovation and research aptitude. The N.S.S. Unit-I & II regularly take up programmes to enclose the degree of social commitment of the students. The N.C.C. wing helps the students to get services of Volunteers of W.B. Govt. Police. The teachers help the students to participate in State or National Level Seminar to be held within or outside the college.

2.6.5 How does the institution collect and analyze data on student performance and learning outcomes and use it for planning and overcoming barriers of learning?

The college along with the IQAC collect and analyze the data on student learning outcomes-

- To find advanced and slow learners and plan separate steps from them.
- To improve learning outcomes of all the students.
- Teachers of different subjects check the attendance of the students and their responses in the classes and takes necessary steps suitable for the students.
- Performance of the students in Internal Assessment and University Exam are analyzed in the IQAC and Academic Committee meetings.
- To remove learning barriers by assigning remedial classes, tutorial classes, counseling etc.

2.6.6 How does the institution monitor and ensure the achievement of learning outcomes?

The IQAC and Academic Committee monitors and ensures the achievement of learning outcomes –

- Finding slow and advanced learners and adopt separate appropriate steps.
- Conducting internal assessment test on regular basis.
- Holding class discussion.
- Encouraging to interact move.
- Taking remedial classes.

- Analyzing feedback of the students.

2.6.7

Does the institution and individual teachers use assessment/ evaluation outcomes as an indicator for evaluating student performance, achievement of learning objectives and planning? If 'yes' provide details on the process and cite a few examples. Any other relevant information regarding Teaching-Learning and Evaluation which the college would like to include.

The teachers use the following assessment of learning objectives and planning:

- Internal assessment
- Attendance of the students
- Classroom performance
- Behavioral Patterns
- Ability to communicate
- Clear understanding of the subject
- Activities and performance in NSS, NCC, Sports and Cultural activities
- Certificate, books, cash prize etc. are given to students for motivation and encouragement.

The college helps to attain the objectives in the following manner:

- Creating an education-friendly atmosphere,
- Providing the required infrastructure,
- Giving appointment of competent faculty members,
- Encouraging to participate in games and sports and in other events,
- Organizing cultural programmes to motivate students,

CRITERION III : RESEARCH, CONSULTANCY AND EXTENSION

3.1 PROMOTION OF RESEARCH

3.1.1 Does the institution have recognized research center/s of the affiliating University or any other agency/organization?

Being an undergraduate institution the college does not have any recognized research centre.

3.1.2 Does the Institution have a research committee to monitor and address the issues of research? If so, what is its composition? Mention a few recommendations made by the committee for implementation and their impact.

There is Research Committee comprising of the

- Principal (Chairperson)
- 3 Assistant Professors (teaching faculty)

The committee considers the several research proposals for submission for Minor Research Project and monitors the progress made in ongoing research projects.

3.1.3 What are the measures taken by the institution to facilitate smooth progress and implementation of research schemes/ projects?

§ Autonomy to the principal investigator

§ Timely availability or release of resources

§ Adequate infrastructure and human resources

§ Time-off, reduced teaching load, special leave etc. to teachers

§ Support in terms of technology and information needs

§ Facilitate timely auditing and submission of utilization certificate to the funding authorities

§ Any other

All the above criteria are fulfilled along with

- i) 24 hrs. Internet facility.
- ii) Computers with internet in teachers' room.
- iii) Higher level Books and Journals for every subject in the Library.

3.1.4 What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students?

Although research by the students is not the prime focus of an undergraduate college, few departments within their limited scope take the initiative to imbibe research temperament in students by involving them in different project works.

NAAC – Re-accreditation Self Study Report - 2015

Some of the teachers while having class teaching try to imbibe research mind amongst the students by way of raising problem, solving issues and encouraging the students for research activities in future.

- 3.1.5 Give details of the faculty involvement in active research (Guiding student research, leading Research Projects, engaged in individual/collaborative research activity, etc).

3.2 RESOURCE MOBILIZATION FOR RESEARCH

3.2.1 What percentage of the total budget is earmarked for research? Give details of major heads of expenditure, financial allocation and actual utilization.

Research activities are generally based on personal initiatives guided by IQAC and hence research projects are generally financed by the UGC which are carried out by faculty members and the college extends infrastructural facilities to them. The institute with its limited resource extends fund to conduct survey oriented research works by various departments.

3.2.2 Is there a provision in the institution to provide seed money to the faculty for research? If so, specify the amount disbursed and the percentage of the faculty that has availed the facility in the last four years?

The state government fund management convention does not allow such venture.

NAAC – Re-accreditation Self Study Report - 2015

3.2.3 What are the financial provisions made available to support student research projects by students?

Limited fund is released for survey related student research from college fund.

3.2.4 How does the various departments/units/staff of the institute interact in undertaking inter-disciplinary research? Cite examples of successful endeavors and challenges faced in organizing interdisciplinary research.

The IQAC appreciates that interaction between various departments with regard to their respective research activities can inculcate a strong research ambience in the institution.

Two new proposals have been submitted for conducting two national seminar in collaboration with the departments concerned:

- a) Education and Bengali
- b) Geography and English.

3.2.5 How does the institution ensure optimal use of various equipment and research facilities of the institution by its staff and students?

The students of Geography department make use of laboratory equipment for practical work and preparation of laboratory books.

Books, equipment and instruments used by teachers during UGC Minor Research Projects are made available by them to the college to enable others to use them effectively.

3.2.6 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facility? If 'yes' give details.

Our college has been established in the year 1962. The college has gradually extended its base since inception. To update its existing curriculum, the college generally applies for development grant on several important aspects to the UGC during the various plan periods; the institute has not received any special grants or finances from the industry or other beneficiary agency especially for developing research facility.

3.2.7 Enumerate the support provided to the faculty in securing research funds from various funding agencies, industry and other organizations. Provide details of ongoing and completed projects and grants received during the last four years.

3.3 RESEARCH FACILITIES

3.3.1 What are the research facilities available to the students and research scholars within the campus?

The college being an undergraduate institute does not have any scope of providing research facilities.

The college does not have research scholars either.

3.3.2 What are the institutional strategies for planning, upgrading and creating infrastructural facilities to meet the needs of researchers especially in the new and emerging areas of research?

Being an undergraduate college research is not the prime focus. But the infrastructure of the college is sufficient to promote and encourage students and staffs for research activity.

3.3.3 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facilities?? If ‘yes’, what are the instruments/facilities created during the last four years.

The college has never received any special grants/ finances from the industry or others beneficiary agency for developing research facility.

3.3.4 What are the research facilities made available to the students and research scholars outside the campus/other research laboratories?

Not applicable

3.3.5 Provide details on the library/information resource center or any other facilities available specifically for the researchers?

The institution is furnished with valuable books available within the library. Internet facilities is available within the library for online books and journals. The teachers’ room is also enriched with internet facility and it also falls within the wifi zone where a faculty can work using their personal laptops. Photocopy facility is available to meet the requirement of the researcher (teaching faculties).

UGC Resource Network system is established in the college to facilitate the faculties for this purpose.

3.3.6 What are the collaborative research facilities developed/ created by the research institutes in the college. For ex. Laboratories, library, instruments, computers, new technology etc.

Not applicable.

3.4 RESEARCH PUBLICATIONS AND AWARDS

3.4.1 Highlight the major research achievements of the staff and students in terms of

- * Patents obtained and filed (process and product)
- * Original research contributing to product improvement
- * Research studies or surveys benefiting the community or improving the services
- * Research inputs contributing to new initiatives and social development

NAAC – Re-accreditation Self Study Report - 2015

Minor research projects undertaken by the faculties have contributed greatly to community development.

3.4.2 Does the Institute publish or partner in publication of research journal(s)? If 'yes', indicate the composition of the editorial board, publication policies and whether such publication is listed in any international database?

No, the institute does not publish or partner in publication of research journal

3.4.3 Give details of publications by the faculty and students:

- * Publication per faculty
- * Number of papers published by faculty and students in peer reviewed journals (national / international)
- * Number of publications listed in International Database (for Eg: Web of Science, Scopus, Humanities International Complete, Dare Database - International Social Sciences Directory, EBSCO host, etc.)
- * Monographs
- * Chapter in Books
- * Books Edited
- * Books with ISBN/ISSN numbers with details of publishers
- * Citation Index
- * SNIP
- * SJR
- * Impact factor
- * h-index

Please refer to individual faculty profile in departmental report for publication details.

3.4.4 Provide details (if any) of

- * research awards received by the faculty
- * recognition received by the faculty from reputed professional bodies and agencies, nationally and internationally
- * incentives given to faculty for receiving state, national and international recognitions for research contributions.

Please refer to individual faculty profile in departmental report for details.

3.5 CONSULTANCY

3.5.1 Give details of the systems and strategies for establishing institute-industry interface?

The college does not yet have any system for establishing institute-industry Interface.

3.5.2 What is the stated policy of the institution to promote consultancy? How is the available expertise advocated and publicized?

The college does not yet have any policy to promote consultancy.

3.5.3 How does the institution encourage the staff to utilize their expertise and available facilities for consultancy services?

The college does not yet have any policy to encourage the staff to utilize their expertise for consultancy activities/ services.

3.5.4 List the broad areas and major consultancy services provided by the institution and the revenue generated during the last four years.

Being an undergraduate institute the college does not have any scope for providing consultancy services and generate revenue from it.

3.5.5 What is the policy of the institution in sharing the income generated through consultancy (staff involved: Institution) and its use for institutional development?

Nil

3.6 EXTENSION ACTIVITIES AND INSTITUTIONAL SOCIAL RESPONSIBILITY (ISR)

3.6.1 How does the institution promote institution-neighbourhood- community network and student engagement, contributing to good citizenship, service orientation and holistic development of students?

The college promote institution-neighbourhood- community network and student engagement in various ways;

1. Every year 2 neighbouring villages are adopted by the NSS unit (2units) of our college.
2. The institute has 1 unit having 160 NCC Cadet in a year under the command of 1 NCC Officer.

3. Blood donation camp is organized every year with the joint effort of the NSS as well as NCC battalion.
4. Different Awareness Camps are also organized by the NSS and NCC units of our college.

The Awareness Programmes are about:

- a) POLIO
- b) AIDS
- c) THALESEMIA
- d) ANTI TOBACCO
- e) WOMEN HEALTH

5. The NCC unit also actively participates and attend various national level awareness programme and camps outside the college.

3.6.2 What is the Institutional mechanism to track students' involvement in various social movements / activities which promote citizenship roles?

The different units to track student involvement in various social movements/activities include:

- a) NSS
- b) NCC
- c) STUDENTS' UNION

3.6.3 How does the institution solicit stakeholder perception on the overall performance and quality of the institution?

- a) Regular discussion on academic and administrative performance of the college where the Principal places the follow up report regularly.
- b) Feedback from students and teachers regarding quality of teaching.

3.6.4 How does the institution plan and organize its extension and outreach programmes? Providing the budgetary details for last four years, list the major extension and outreach programmes and their impact on the overall development of students.

Various outreach programmes are organized by the NSS and NCC unit of the college throughout the year. The NSS has two units (I & II) and has two adopted villages within its sphere.

2. Group insurance for staff – 100% of them have availed the benefit
3. Provident Fund benefit for permanent staff
4. Employees Credit Cooperative Society – 100% have availed the benefit

6.3.6 What are the measures taken by the Institution for attracting and retaining eminent faculty?

The College considers the suggestions and ideas of senior faculty regarding teaching and learning. Opportunities are available to take up research projects and to use ICT components. Adequate infrastructure and space, good work culture, academic freedom, encouragement to participate in seminars are provided for attracting and retaining eminent faculty.

6.4 FINANCIAL MANAGEMENT AND RESOURCE MOBILIZATION

6.4.1 What is the institutional mechanism to monitor effective and efficient use of available financial resources?

The College has a sound mechanism to monitor the effective and efficient use of financial resources.

- Finance sub-committee holds regular meetings for recommending funds for various purposes.
- The Governing Body approves the recommendation of Finance sub-committee.
- Purchase committee, Library committee, and Building committee purchases various items through proper procedure.
- Total payment and receipts are controlled by the Bursar and Accountant under the supervision of the Principal.
- The grants from UGC are spent as per UGC guidelines.

6.4.2 What are the institutional mechanisms for internal and external audit? When was the last audit done and what are the major audit objections? Provide the details on compliance.

The college being a Government aided organization receives fund from the Government of West Bengal and therefore all its accounts are subject to audit by the

Government appointed statutory auditors for which books of accounts under the tutelage of finance committee convener and the bursar.

The book of accounts are prepared and audited by statutory auditors. The statutory auditors prepares and submit an audit report with audit observations.

The Governing Body considers the audit observations for compliances.

The scope and mechanism for internal audit in the college is to design the internal control process to provide reasonable assurance regarding the achievement of

- Evaluates and provides reasonable assurance that risk management, control, and governance systems are functioning as intended and will enable the organization's objectives and goals to be met

- Reports risk management issues and internal controls deficiencies

Identified directly to the audit committee and provides recommendations for improving the organization's operations, in terms of both efficient and effective performance

- Adherence to Central and State Finance Rules.

The college accounts are audited regularly by the government auditors without as such audit objections. The last audit was done for the session 2011-12. No major objection was found in the said audit.

6.4.3 What are the major sources of institutional receipts/funding and how is the deficit managed? Provide audited income and expenditure statement of academic and administrative activities of the previous four years and the reserve fund/corpus available with Institutions, if any.

a. State Government disburses the corpus for payment of salary to the employees of the organization.

b. College receives fund from the UGC as against the plan proposals submitted under the different schemes of the commission.

c. The major source of receipt of fund in the college however is the fees received from students under different heads from where the day to day expenses as well as developmental expenses are met.

Generally the college is not met with huge surplus.

6.4.4 Give details on the efforts made by the institution in securing additional funding and the utilization of the same (if any).

1. MPLAD Fund: 14 lakhs in the session 2012-13

2. Income from interest: Rs. 171571 in the session 2011-12

6.5 INTERNAL QUALITY ASSURANCE SYSTEM (IQAS)

6.5.1 Internal Quality Assurance Cell (IQAC)

a. Has the institution established an Internal Quality Assurance Cell (IQAC)? . If 'yes', what is the institutional policy with regard to quality assurance and how has it contributed in institutionalizing the quality assurance processes?

The IQAC of Rani Dhanya Kumari College has been established in 2012 as per guideline of the NAAC. The college always aspires for quality improvement in higher education. The IQAC is worth trying to develop several quality benchmarks for the various academic and administrative activities of the college. The Cell laid emphasis in teaching learning and evaluation, student involvement and participation in varied student related activities of the college and communication with parents. It monitors promotion and innovations in co-curricular and extra-curricular activities of the college. The IQAC has taken following salient steps:

- Under the support of the cell more committees have been constituted for specific function and their activities monitored so that the ultimate benefit goes to the students like, Alumni Association, Grievances Redressal Cell, Women's Cell, Anti-Ragging Cell etc.
- Organised Awareness Programme on Anti-Ragging.
- To implement working diary for the teachers.
- To introduce student feedback procedure.
- To arrange parent-teacher meeting.

b. How many decisions of the IQAC have been approved by the management / authorities for implementation and how many of them were actually implemented?

The following decisions of the IQAC have been approved by the management/authorities for implementation:

1. Air conditioning of Principal's chamber, Teachers' room, Office section, Library section done.
2. Manual cataloguing (DDC System) in library has been introduced in the year 2012.
3. NSS unit 1&2 of our college organized Yoga training, First-aid training etc.

5. Website up gradation, COSA implementation, library computerization have been done.

6. Cycle stand has been constructed; Boys and girls common room and students' union room have been renovated.

c. Does the IQAC have external members on its committee?

If so, mention any significant contribution made by them.

As per guidelines the IQAC has two external members who offer valuable suggestions and contributions towards quality improvement of the academic environment and overall development of the college. The two members are (1) Mr. N.K. Dutta and (2) Mr. Samir Ghosh .

d. How do students and alumni contribute to the effective functioning of the IQAC?

The students of the college give various suggestions regarding improvement of examination system, library services, xerox facilities for the students, canteen services, etc.

The Convener of Alumni Association holds meeting with the members to discuss about the developments of the college. Alumni members discussed among themselves how the college gets various helps from the alumni who are well settled in different fields.

e. How does the IQAC communicate and engage staff from different constituents of the institution?

The IQAC is formed according to the guidelines by the appropriate authority consisting of senior teachers, non-teaching staff and students. The IQAC also incorporated ex-teachers, ex- non-teaching staff, and alumni in their team and engage themselves for betterment of the college as suggested by NAAC.

The decisions of IQAC are discussed in the Staff Council meeting and meeting with the non-teaching staff and students.

Decisions, plans and programmes are also communicated to the concerned persons.

6.5.2 Does the institution have an integrated framework for Quality assurance of the academic and administrative activities? If 'yes', give details on its operationalisation.

Yes, the college have an integrated framework for Quality Assurance of the academic and administrative activities.

□ The college has several statutory bodies like the Governing Body, Teachers' Council, Students' Union, Finance Committee, Academic Committee, etc that work together to achieve advancement of the quality assurance in the academic and administrative part of the college.

The feedback received from Parent-Teachers meeting, observation of Grievance Redressal Cell, opinion from different departments and committees are taken into consideration by IQAC. Local well wishers of the college also offer their suggestions. The Principal as the head of the institution conveys these to the Governing Body.

6.5.3 Does the institution provide training to its staff for effective implementation of the Quality assurance procedures? If 'yes', give details enumerating its impact.

No such training is provided. However the Quality Assurance Experts meet the members of the IQAC and appraise them how to function for effective implementation of the quality assurance procedures.

6.5.4 Does the institution undertake Academic Audit or other external review of the academic provisions? If 'yes', how are the outcomes used to improve the institutional activities?

Yes, the college undertakes Academic Audit of the teaching activities on regular basis through AISHE and yearly report is submitted to them for evaluation. All teachers make self appraisal report yearly and submit it to the concerned authority.

6.5.5 How are the internal quality assurance mechanisms aligned with the requirements of the relevant external quality assurance agencies/regulatory authorities?

The internal quality assurance mechanism is not aligned with any external quality assurance agency but the IQAC has two external members who act as Quality Assurance expert to the IQAC.

6.5.6 What institutional mechanisms are in place to continuously review the teaching learning process? Give details of its structure, methodologies of operations and outcome?

The college has periodic reviews of its administrative and academic departments to ensure that quality is sustained in all the areas related to its functioning. IQAC has been constituted to monitor the teaching-learning process

and quality education. Departments are provided LCD projectors. Wi-Fi connections to be installed on priority basis. The college invites evaluation by the students regarding the department, faculty and the college as a whole. Their evaluations are discussed in IQAC for necessary improvement.

6.5.7 How does the institution communicate its quality assurance policies, mechanisms and outcomes to the various internal and external stakeholders?

The quality assurance policies of the college are communicated to the internal and external stakeholders in the following way:

- By the members of IQAC.
- Through notices served and personal communication over telephone.
- Later on the policies are discussed in details in the meetings of the different sub-committee and Teachers' Council. IQAC has planned to communicate its quality assurance mechanisms to the guardian of the students at the time of new admission .

The IQAC also has plans to launch a separate website for the activities of IQAC.

Any other relevant information regarding Governance Leadership and Management which the college would like to include.

CRITERIA VII : INNOVATIONS AND BEST PRACTICES

7.1 ENVIRONMENT CONSCIOUSNESS

7.1.1 Does the institute conduct a green audit of its campus and facilities?

The college has eco-friendly environment since its inception. The college is situated in a rural area surrounded by green fields and other trees. Although, there is no formal green audit but the college authority has made the campus plastic free zone and usage of plastic bags are completely prohibited in the college. The college has a campus beautification unit. This unit along with 2 (two) NSS units are maintaining cleanliness drive towards making the college campus waste free and eco-friendly. Campus of the college is surrounded by various plants which makes the environment healthy too. Every year each of the two NSS Units adopt a village for various programs which are conducted over the year. Every unit conducts programs like cleaning, plantation and other programmes relating environmental awareness.

7.1.2 What are the initiatives taken by the college to make the campus eco-friendly?

The college is situated in a rural area surrounded with fresh air and full sunlight. So naturally, class rooms are very much airy and well lighted. (Although class rooms are equipped with traditional tube lights and fans but these are not required all the time). The college uses CFL and other less energy consumable lights as soon as possible. The institution also observes that no electric equipments run unnecessarily. Already college corridors are equipped with CFL. There are several measures taken to save electricity.

The college has taken some measures to reduce emissions of carbon-dioxide by

- a. The campus is smoke free and plastic free zone.
- b. Dead leaves and wastes including plastics are fully destroyed.
- c. Plantation is a regular feature in our NSS programme schedule.
- d. Chemical waste products are technically handled.
- e. The college has taken the decision of handing over the wastes to the external agency
- f. Campus is declared no smoking zone.
- g. Campus is declared plastic free zone.

h. Regular testing of drinking water and quality of canteen food by the College Authority.

i. Occasional plantation is made by NSS and college authority.

7.2 INNOVATIONS

7.2.1 Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the college

Innovations introduced during last four years are listed below:

- Health awareness programmes are introduced for students like blood group testing, Thalasemia Check up etc.
- Parents' teachers meeting organised by IQAC cell for getting feedback from the parents about teaching and other sides they want to share with the teachers.
- Students evaluation of teachers are organized for the betterment of teaching-learning process.
- College office has been fully computerized with WI-FI connections for smooth administrative works. Now, complete information regarding students, e-bills and other time-consuming works has been easily performed with full computerization.
- Feedbacks from the students are analysed for their knowledge building.
- College website is upgraded. Online Admission has initiated from this ongoing academic session.
- Audio visual learning and Remedial classes for backward students.
- Newly introduced career counseling programmes for giving students information, guidance and motivation for competitive examinations.

7.3 BEST PRACTICES

7.3.1 Elaborate on any two best practices which have contributed to the achievement of the Institutional Objectives and/or contributed to the Quality improvement of the core activities of the college.

BEST PRACTICE

Practice #1 Title– Overall Improvement of Students

Objective: To make the students conscious about their education, health, job opportunities and ultimately their future life.

NAAC – Re-accreditation Self Study Report - 2015

Context: The college is located in a rural remote boarder area, far away from the district town as well as capital town of the state. Most of the students of this college are of first generation learners and belong to minority community. Students have no clear idea about necessity of education, fitness of health, verity of job opportunities etc.

Practice: Internal assessment, special care to slow learners, health check up programme specially for girls, sports complex, gymnasium, career counselling programme etc. are arranged for overall development of the students.

Evidence of Success: Success rate of students in university examination has gone up slightly. Health check up programme has been organised by NSS unit. NCC and Physical Education Department have taken initiatives regarding physical development of the students using games and sports facilities like gymnasium, sports complex, college play ground etc. of the college. Better performance of the students in various competitive examinations is also observed to some extent.

Resources Required: Infrastructural development, recruitment of full time faculty members, financial resources are required.

Problems Encountered: Class rooms are not adequate. Financial conditions of the students are not good enough to cope with the competitive age. It is very difficult to keep students after college hours.

Practice #2 Title – Computerisation of Administrative Section

Objective: To offer more secure and more flaw less services to all stakeholders with the shortage of office staff.

Context: Manual process of office work had been followed and there by the college was suffering from the problems relating to smooth-running of administration. Keeping in view of the fact of availability of world-information through a click of mouse, technological advancement is required to be introduced in the administration.

Practice: All money receipts and payments have been made computerized. Total accounts are maintained through specialized software package. Website of the

NAAC – Re-accreditation Self Study Report - 2015

college is ready for future on-line admission. COSA implementation is initiated for computerization of salary with State Government Grant.

Evidence of Success: Fees deposit at the time of admission and filling up of form for university examination are done through computer. Salary Account of the staff, UGC Fund, other monetary matters are kept in computer.

Resources Required: Computer Training/Re-training of staffs is required.

Problems Encountered: Permanent skilled staff having computer knowledge background and Infrastructural facilities are inadequate.

35. SWOC analysis of the department and Future plans:

Strength: The performance of our students in academic field is quite satisfactory and encouraging.

Weakness: Insufficient study materials and full-time teaching faculty.

Opportunities: Several Students have already been qualified for various competitive exams.

Challenges: To motivate our students as responsible and socially committed citizens of tomorrow.

Future Plans: To involve all the students of Honours/General course in different activities like Unit Test Competition, Essay competition, Seminar Presentation and Social works

- The Geography syllabus for Honours as well as General course under University of Kalyani is furnished with a compulsory field work for the students of both Honours and General students. In Honours course there is a provision of project work (Field Report) of 30 (20 for report writing & 10 for viva) marks for Part-III students and for General Course students there is a scope of preparing field report / project work of 15 marks of which 10 for preparation of report and 5 marks are allotted for viva-voce. Conduction of field work and preparation of report is very important for getting an idea of the various geographical as well as socio-economic aspects of the study area which is very useful for the students as they came to know about their surrounding geographical sphere and the regional differentiation existing between them. Moreover, students learn to carry out works jointly, thus there is a scope of development of mutual cooperation among the students. The department

NAAC – Re-accreditation Self Study Report - 2015

has successfully conducted as many as field works of Honors students and field works for the students of General Course.

Areas of Projects Conducted by the Students:

Since the university has prescribed a specific areas (within 100kms) for conducting field work the following areas traditionally have been chosen keeping the convenience of students and as well as teachers and the significance of the study too. The following areas are generally taken up for field work-

- (a) Survey of Socio-economic condition of a Mouza (in rural set-up),
- (b) Survey of Socio-economic condition of a Ward (in urban set-up),
- (c) Survey of health and hygiene condition of a Ward/Mouza (in urban/rural set-up),
- (d) Survey of agrarian system and agricultural economics (in rural set-up),
- (e) Survey of land use and land cover in a mouza,
- (f) Survey of soil condition, soil property and soil use in a mouza,
- (g) Survey of flora and fauna in a mouza, and
- (h) Survey of drainage characteristics in a sub-basin (micro sized) of a major drainage.

B A / B Sc Part-III students are to conduct the field work under the guidance of the faculty members. Normally at least a faculty member accompany the students for their guidance to conduct field work. Usually a site is chosen, may be within or outside of the state keeping in view the financial capability of the students as well as the logistics etc. in view. The safety and security also is a point of concern particularly in view of presence of girls' students.

NAAC – Re-accreditation Self Study Report - 2015

31. **Number of students receiving financial assistance from college, university, government or other agencies:**
The students receive scholarship from time to time under various schemes:
These are 60%
- Minority Scholarship
 - SC/ST Scholarship
 - OBC Scholarship
 - Biri Workers Stipend.
32. **Details on student enrichment programme (special lectures/workshops/seminar) with external experts.** Special lectures. Departmental seminar.
(Plans have been adopted for organizing workshops in collaboration with other colleges to train the students on various software which is required for their higher studies or research works.)
33. **Teaching methods adopted to improve student learning:**
Well organized and informative lectures are given to make the students understood the basics of the topic. Notes are given on critical topics and question answers were discussed regularly through interactions with the students. Special classes are organized both theory and practical based on the needs of the students.
34. **Participation in Institutional Social Responsibility(ISR) and Extension activities:**
The Students and the Faculty members regularly participate in the Institutional Social Responsibility and Extension activities organized by the NSS Units-I & Unit-II and NCC Unit of this College. The students as NSS volunteers take active part in social awareness programmes and undertake certain activities in adopted villages. As NCC volunteers they do their duties in the locality at the time of festival.
35. **SWOC analysis of the department and Future plans**
STRENGTH:
Though a nascent one, still the department have strong footings. Students are the main strength of the department. A homely atmosphere and a casual teacher student relationship provides the base of the department. Dedicated young faculties adds up to the quality of teaching. A good laboratory, co-ordination among the faculties, and time to time support from the college helps in the smooth running of the departmental activities.

WEAKNESS:

In spite of having several strengths, the department is crippled with a few weaknesses too. Departmental library in its proper shape is not available due to insufficient space. Shortage of full-time teachers in the department is also a great cause of concern. Though we try to meet the demand of teaching load by recruiting Guest Lecturers, gap still exists.

OPPORTUNITIES:

The department have immense opportunity if it is provided with more faculties. If more funds are allocated for building the department's own library organizing workshops, seminars and if more instruments are available for the students then it can show its full strength and prosper accordingly. The department can also organize special courses which will help the students to know about the broad scope of the subject which will help in their future ventures.

THREATS:

The department suffers from the problem of insufficient permanent teaching faculty and hence immense pressure is created upon the existing temporary staffs during the examination period and syllabus completion. Lack of space is also a major constrain for the smooth commencement of laboratory work and practical classes.

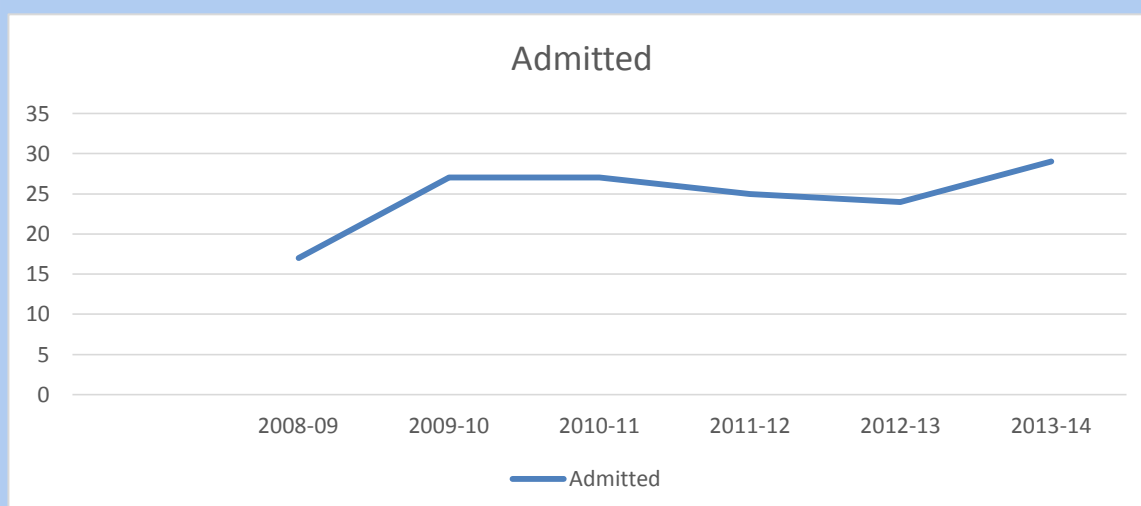

FUTURE PLANS:

The department has plans for conducting seminars, workshop and student enrichment programmes if sufficient fund is allocated for the same, which will definitely benefit the students and will help in their progress in academic field. With more equipment and teaching aid the department will reach its goal of all round prosperity and success. Increasing our laboratory and adopting modern techniques in teaching and learning is the foremost plan of work.

35. **SWOC analysis of the department and Future plans:**

Strngth : The performance of our students in academic fields is quite satisfactory.

Weakness: No full time faculty.

Opportunities: Many of our students also opt for higher studies and several students have already been qualified for SSC exam.

Challenges: To motivate our students as responsible and socially committed citizens of tomorrow in the economic field.

Future Plan: Our motto is to develop this programme along with under graduate course for the betterment of the students after getting Honours course in SANSKRIT in this college.

AUDITORS' REPORT

1. We report that we have audited the attached Balance Sheet of Rani Dhanya Kumari College, Jyaganj, Dist: Murshidabad as at 31st March, 2008 and also the Income & Expenditure Account for the year ended on that date annexed thereto both of which we have signed under reference to this report. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standard generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as, evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and in our opinion proper books of account have been kept by the College so far it appears from our examination of the books, subject to our observations as follows :-
 - (a) The POSB A/C.No. 841226 shows a balance of Rs. 1,39,596.67 as on 31-03-2004 and the Pass Book was not updated thereafter. The interest on this savings bank account was not received for the years from 2004-05 to 2007-08 and not been considered in these Accounts.
 - (b) An amount of Rs.30,000/- was deposited in UGC A/c. on 30-01-2008 by mistake instead of SBI Current Account No. 11243440148
 - (c) The College is having an attached Play Ground to it and this Play Ground was not shown in the Books of Account of the College. On our audit recommendations, the college authority has made valuation of this Land from A.D.S.R, Azimgang, Murshidabad and as per the valuation report dated 16-07-2009 this Land has been valued at Rs. 26,86,321/-. The Authority has imposed Stamp duty of Rs.1,88,042/- and Registration Fee of Rs.29,546/- which are payable by the college authority.
 - (d) No details were made available to us for SBI, Jyaganj Branch.Old for Rs.18,397/- and SBI, Lalbagh Branch for Rs.10,199/- during our audit.
4. In our opinion and to the best of our information and according to the explanations given to us the said accounts, subject to our observations stated above, give a true and fair view :-
 - i. In the case of Balance Sheet of the state of affairs of the College as at 31st March,2008, and
 - ii. In the case of Income & Expenditure Account of the excess of income over expenditure for the year ended on that date.

AUDITORS' REPORT

The Members of
RANI DHANYA KUMARI COLLEGE

1. We have audited the attached Balance Sheet of **RANI DHANYA KUMARI COLLEGE, P.O JIAGANJ, DIST.MURSHIDABAD** as at 31st March, 2012 of the Balance sheet and the Income & Expenditure Account of the institutions for the period ended on that date annexed thereto and report that.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. Further to our comments in the Annexure referred to above, we report that:
 - (i) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (ii) In our opinion, proper books of account as required by law have been kept by the College so far as appears from our examination of those books subject to:-
 1. Closing cash-in-hand could not be verified by us and considered as correct based on managements' certificate.
 2. The total unspent grant on 31.03.2012 stands to Rs 1,41,27,904.37/- . The college received Rs 23,80,000 fresh UGC grant out of which the college refunded 15,80,000 to UGC on account of non utilization of grant and expended Rs 27,15,799 on Capital Expenditure and Rs 4,34,788 on Revenue Expenditure. The closing balance of UGC Grant as on 31.03.2012 stands at Rs 27,31,042. There is an apparent mismatch between the unspent grant received from UGC and the balance maintained in separate bank account for UGC.
 3. The College is unable to reconcile the balance outstanding in the different grant accounts with the available balance in the Bank Accounts.
 4. The College has not applied for pan card and as such is not filing return of Income with the income tax department.
